

'Time for TB' is a campaign by the global TB community to bring together colleagues from HIV, Malaria and other activists to make a determined push to END TB.

**"The world is losing its battle with tuberculosis (TB),**  
which is now the biggest infectious killer globally,  
causing 1.5 million deaths every year."  
– Global Plan to End TB 2016-2020

# The time for action is now!
